

Looking for growth or acquisition financing?

Mercantile has a successful track record of helping companies acquire debt and equity financing from private and institutional lenders and investors.

Our contacts are extensive.

Our services personal and professional.

We will work with you in preparing a professional Financing Memorandum and the financial performance analysis and forecasts that will keep you moving forward to a successful placement.

Mercantile has access to an extensive network of contacts with major lending institutions, private equity companies, venture capital companies, angel investors, and high net worth individuals and families world wide.

- **The Perfect Fit:** We'll find you the perfect financial fit by evaluating the various lending criteria and term sheets of each potential source of funding.
- **The Perfect Match:** We then match you with investors actively looking for an opportunity like yours.
- **The Perfect Presentation:** Mercantile will help you prepare and present your opportunity to the most appropriate lending and investment sources.

Mercantile works with you throughout the entire process. Whether you're looking for a [merger, strategic partnership](#), or [private equity financing](#), we have the contacts and expertise to help you achieve your goals.
